

HORTICULTURE TRAINING AT FARM & COMMUNITY TECHNOLOGIES LTD

The monthly training session on Horticulture enterprises organised by Farm & Community Technologies Ltd (FACT Ltd) took place on 22nd June 2013. It was an absolutely successful session and all available slots were taken up, the organisers would like to thank those who turned up for giving us the opportunity. F.a.C.T Ltd is fully committed to giving value for money and determined to empower you as an aspiring investor in horticulture/agribusiness to move you further towards achieving your dreams. The programme for the day was considerably packed, and we are confident the objectives were well fulfilled. These included enabling participants to better identify opportunities for agribusiness, locating in the value chain to maximise profits, what to consider when choosing commodities, do's and don'ts in horticulture business, understanding the agribusiness environment and associated sectors, understanding sector participants, accessing premium markets, resources, skills, among many others topics. We promise to keep close contact with the participants to render any other support they may need along the way.

For enquiries on dates for future trainings or any other matter please contact 0706624605; [email: infofact@elewa.org](mailto:infofact@elewa.org). We are on Facebook at Below are some pictures of training sessions.
